PRASANNA B

IT Analyst | Power Platform Developer (SharePoint · Power Apps · Power Automate · Power BI)

Bangalore, India | +91-8680947041 | prasannab625@gmail.com

PROFESSIONAL SUMMARY

Power Platform Engineer with 5.5+ years of experience designing and delivering enterprise automation and low-code solutions across SharePoint, Power Apps, Power Automate, and Power BI. Proven track record modernizing legacy SharePoint/Nintex/InfoPath systems onto the Microsoft Power Platform, cutting approval turnaround time by 40% and boosting end-user adoption by 35%. Skilled at partnering with cross-functional and global stakeholders to deliver scalable, secure, and well-governed business applications on time and within budget.

CORE SKILLS

- **Platform:** SharePoint Online & On-Premises (2019), Power Apps (Canvas & Model-Driven), Power Automate, Power BI, Dataverse
- **Migration & Modernization:** Nintex Forms & InfoPath to Power Platform migration, legacy SharePoint 2019 → SharePoint Online migration
- **Tools & Data:** SQL, Azure DevOps (CI/CD), AI Builder, REST APIs, Azure Blob Storage
- **Governance:** Security roles, DLP policies, environment strategy, role-based access control

PROFESSIONAL EXPERIENCE

Tata Consultancy Services (TCS) — IT Analyst

Sep 2024 – Present

Bangalore, India | Client: Northern Trust

- Leading migration of 800+ SharePoint 2019 on-premises sites to SharePoint Online.
- Leading a legacy form modernization initiative, migrating numerous business-critical Nintex Forms and InfoPath applications to Power Apps and Power Automate for improved performance and long-term maintainability.
- Designed and deployed automated approval workflows, reducing approval turnaround time by 40%.
- Built responsive, device-friendly Power Apps solutions that increased end-user adoption by 35%.
- Implemented security roles, DLP policies, and environment strategies to ensure regulatory compliance.
- Conducted knowledge-transfer training for business and IT teams, reducing support requests by 25%.
- Collaborate with cross-functional teams to analyze requirements, redesign processes, and implement scalable solutions.

Neo Technologies — Power Platform Engineer

Jun 2024 – Aug 2024

- Designed and developed Power Apps and Power Automate solutions to streamline internal business processes.

Arus Info Pvt Ltd — Power Platform Engineer

Jan 2022 – Jun 2024

Delivered Power Platform solutions for global clients including GLP (Singapore), Plaeto (India), National University of Singapore, and Brand's (New Zealand)

- Built a Gmail automation solution (Plaeto, India) using Power Automate, REST APIs, and Azure Blob Storage to manage email attachments and URL data end-to-end, backed by SQL Server.
- Developed the EDL Data Refresh Application (GLP, Singapore) — a Power Apps tool for manually triggering Azure Pipelines via Power Automate, with role-based access control.
- Designed a Data Dictionary Application (GLP, Singapore) with incremental data load via API integration, replacing manual documentation and preserving full data history.

- Created an Application Access Ticketing System (GLP, Singapore) supporting multi-level approvals across multiple systems.
- Automated invoice processing for the Arus Finance Application using Power Apps, Power Automate, and AI Builder, including PDF data extraction and email-based approval workflows.
- Built Power BI dashboards for Arus Finance and Brand's (New Zealand) e-commerce, covering P&L, income performance, sales, and margin analysis.
- Developed the NUS Student Application (Singapore), automating graduation letters, unpaid-fee notices, and achievement letters.
- Deployed Power Apps solutions via Azure DevOps CI/CD pipelines.
- Awarded **Golden Star of the Quarter** (Apr–Jun 2023).

Accenture Pvt Ltd — Transaction Process Associate *May 2019 – Dec 2021*

EDUCATION

- B.Sc. (IT) — Bachelor of Science in Information Technology

AWARDS & RECOGNITION

- Star of the Month (July) — Tata Consultancy Services (TCS)
- Golden Star of the Quarter (Apr–Jun 2023) — Arus Info Pvt Ltd
